

# Cub Cadet®

## ULTIMA™ ZTS2 50 ZERO-TURN

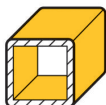

DESIGNED FOR FLAT TO SLIGHTLY HILLY TERRAIN

### THE STRENGTH OF THE CUB CADET® ADVANTAGE

#### EXCELLENT CONTROL

Step up your control from traditional lap bars with Synchro-Steer™ technology. The familiar steering wheel experience plus four-wheel control makes for precision, maneuverability and stability on a variety of terrain — including hills up to 20 degrees.

#### TOUGH AND TUBULAR FRAME

A continuous 2 x 2-inch square tubular steel frame provides enhanced strength and rigidity while the automotive-grade corrosion defense with e-coat ensures durability.

#### EXCELLENT CUT

Heavy-duty AeroForce™ deck is engineered for optimal airflow and suction that helps prevent clumping during discharge and provides excellent bagging performance.

#### FIRST-CLASS COMFORT

Easy steering and single-handed operation with Synchro-Steer technology and a Soft-Touch steering wheel with adjustable steering column for intuitive control. Plus, an automotive-inspired, fully adjustable, cut and sew 20-inch high-back seat.
